Greetings Brethren! It’s amazing we’re already looking at the fall colors on the trees. It seems like last week when the snow was just melting. For many brethren, it might seem like just last week they last sat in lodge only to realize it was actually last spring or even last year. This month would be a wonderful time to return to your lodge.

This month also is a busy month. We have degree work to complete as well as a step up night for the line officers; a Past Masters’ Night to recognize our Past Masters and the annual “chili dinner.” All are excellent opportunities to meet with the Brethren of the Lodge and catch up.

As for the degree work, I cannot stress enough the importance of attending lodge. The extra attendance is inspirational for new brethren and also helps those who’ve even been around a few years to reconnect with Brethren from years ago as well as those they just met.

Please remember to keep those serving our country in your prayers, especially those who are serving away from home for the foreseeable future.

Fraternally,

Bob Wiley, Worshipful Master

Brothers! Please join us for our 150th Anniversary Celebration on Saturday, October 26th when we will be portraying the Building of The Temple. This has not been done in years so come out and see it and enjoy the celebration.

I would like to thank our Senior Warden, Dave Perry for handling the memorial at The McKinley National Memorial while I was in Atlanta for work training. Dave is going to make a fine future Worshipful Master and I look forward to him leading our lodge.

Norman Vincent Peale wrote about the "Power of Positive Thinking." He was a Freemason and a 33rd Degree Scottish Rite Member. Being positive, treating and talking to each other in a positive manner is not only one of the secrets to being a good Mason, but a secret of achieving success in life itself. I ask my fellow Brothers to stay positive in everything you do and to be thankful for whatever you get. I also ask you to be positive in the way you talk to each other and treat each other. I know everyone in lodge tries to do their best. I am reminded of this by the recent death of a fellow Mason and good friend. We talked a lot about the power of positive thinking and he was a good role model for me because I never remember him saying anything bad about anyone. No matter what, he was always positive. I try hard to be like that. Too many times I forget this, but I strive to be a better man. Let us all try to think more positive and make this world a better place.

I am beyond pleased to report that Trinity’s first Beef Roast was a huge success. The Trinity Brethren continue to keep the Masonic values in the forefront of our motivation. I will use this forum to formally thank Brother Buck Haslam, Brother Digger Kinback, Brother John Haslam, P.M. Richard Snider, P.M. Brad Cioca, Brother Buddy Cooley, Brother Tim Ness and Brother Austin Ness. These men worked tirelessly. In addition, Brothers Jim Devaul Jr., Raymie Butler, Joe Boyer and Gary Knowlton from Clarington Lodge No. 597 started the Beef at 8:00 a.m. and left Waco around 10:00 p.m. The Waco Firemen’s Association was the perfect host and accommodated our every need. But Brethren... Cindy Haslam, Tiffany Kinback, Kathy Haslam, Amy Cioca, Corine Uplinger, Hope Cooley, Lin Sue Butler and so many children and young adult children contributed greatly. I truly wish I knew all their names because when a brother asked for their assistance they gave it without question. They were the backbone of the event. Especially when strong backs were needed! Many Lodges were represented and we greatly appreciate it. The Great Architect of the Universe gave us perfect weather and we used every minute of the day on behalf of little Anastasia. This is why I joined Freemasonry and this why I will continue my journey. Please join me in a round of applause for these fine humans I call brothers and friends.

Greetings Companions! Fall is always a great time for everyone. The snow isn't falling yet, the trees in our area are showing their beautiful colors; it's also a wonderful time to come to meetings to see many faces of our companions and catch up on news.

It also means this is time for the Annual Grand Assembly of the Grand Council from October 6th through the 8th. Please keep our own Rite Illustrious Companion, Wes Webber in your thoughts as he continues his progress through the Grand Line. We should all look forward to finding what the upcoming year has in store from Grand Council.

Finally, please remember to keep in your prayers those unable to attend these meetings and especially those who are away from home serving this great country.

Happy Halloween Sir Knights! I can't believe fall is already here and that nasty snow is not far off. As you can see from our Trestle Board we have scheduled Order of the Temple Degree practices. If you have a part, please be at as many practices as possible so our Commandery might have the best inspection in the Division. Please keep an eye peeled for e-mails concerning Color Postings of the Blue Lodge Installations. As the largest Commandry in the state, it would be nice to see a large number of Sir Knight's show up at these events.

Ah! The True American Way of Life

Preparing the Grand Lodge Article on “Grand View” for the Brethren, sparked memory of another article I recently scanned written by George Gilder, a guru on future technology. Refreshing your memory on this man, he predicted the use of the smart phone connecting the web and phone service communication, eleven years before it was developed. The reason both articles dented my thick head is because they both touch upon a delicate subject with most seniors, which I see as the “True American Way of life.” My guess is, and hoping I’m not correct, it may take a very long time for total compliance to become reality regarding “Grand View.” I do not believe the older brethren will establish their account. This is not to imply they do not have the ability to enter the information, it is because they simply will not choose to be a part of any program entering information over the internet. Agreed, if you Google your name a great deal of stuff pops up but, this is just not consideration. Now why do I think this is part of a so called “True American Way?” Well, let’s take a close look at the older American’s household: Most still have a telephone “land line” on the kitchen counter and several others in their home. Of course, they never answer these phones; they go to the answering machine because it’s usually a “Robo Call” or some nut, speaking poor English, trying to sell them something. This family has had that same telephone number for fifty years and will not give it up. Their flip-top cell phone is used for emergencies only; (911.) That’s the “True American Way.” They have a half-inch thick stack of credit cards never used because that may affect their “credit score.” No one really understands how this score is computed but they know using these cards will affect it and besides, most seniors pay in cash! This again is the “True American Way.” Now, for the reason I mention all this seemingly useless information. According to George Gilder, author of “Life After Google,” in the not so distant future he predicts many mega corporations on the World scene will soon be “Pass A.” Uber, Tesla, Electric automobiles, Amazon, Micro-Soft, Facebook and even Google will fall to second rate to the newest technical brain storm, “Blockchain Economy.” Hey! Another new word to get used to! Through “Cryptocsm,” a theory of the “Blockchain, he predicts that ALL financial transactions will become internet SAFE, to the dismay of the older cash paying American. George Gilder’s “Blockchain Economy,” will, in his belief, become the only “American Way of Life”. I wonder how Crypto-money and Banking will set with cash paying seniors. You can lead a horse to water... Anyway, it is another in the series of events during the past twenty-five years which further polarizes the population from talking with each other. People do not visit anymore. We have no time to visit but we do have time to send a text message in some crazy code. I wonder when the proper English written word will disappear or we even loose our ability to talk altogether! And I still have never figured out what LOL really represents! **Bobel**
